## 3 DEFINITION OF DATA PROTECTION TERMS

- 3.1 In this Policy, the functions of the school are the provision of education to its pupils, the safeguarding of children in its care, the undertaking of pastoral support, necessary business and administrative tasks, community work and similar activities associated with that provision. References to the school 'carrying out its functions' or similar are references to these activities.

The school is the Data Controller of all Personal Data used for carrying out its functions.

- 3.5 **School Staff** are, for the purposes of this Policy, those of our employees whose work involves processing Personal Data and any governors or volunteers appointed to support or represent the school. School staff must protect the data they handle in accordance with this Policy and any applicable data security procedures at all times.

- 3.7 **Privacy Notices** are documents explaining to Data Subjects how their data will be used by the school.
- 3.8 **Personal Data** means any information relating to an identified or identifiable natural (living) person; an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

Special Categories of Personal Data can only be processed under strict conditions.

## 4 DATA PROTECTION PRINCIPLES

- 4.1 Anyone processing Personal Data for, or on behalf of, the school must comply with the principles of good practice contained in Relevant Data Protection Law. These principles state that Personal Data must be:
  - 4.1.1 processed fairly, lawfully and transparently;
  - 4.1.2 processed for specified, limited and legitimate purposes and in an appropriate way;
  - 4.1.3 adequate, relevant and not excessive for the purposes for which they are processed;

- 4.1.4 accurate and, where necessary, kept up to date;
- 4.1.5 not kept longer than necessary for the intended purpose of processing; and
- 4.1.6 processed in a manner that ensures appropriate security of the Personal Data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

The school will keep a record of all Data Processing activities and must be able to demonstrate its compliance with these principles and with the wider requirements of Relevant Data Protection Law.

## 5 **FAIR, LAWFUL AND TRANSPARENT PROCESSING**

5.1 For Personal Data to be processed lawfully, they must be processed on the basis of one of the legal grounds set out in Relevant Data Protection Law. These include, but are not limited to:

- 5.1.1 the individual's explicit consent to the processing for one or more specified purposes;
- 5.1.2 that the processing is necessary for the performance of a contract with the individual or for the compliance with a legal obligation to which the school is subject;
- 5.1.3 that the processing is in the public interest; or
- 5.1.4 that the processing is in the legitimate interest of the school or relevant third parties to which the data are disclosed, so long as this is balanced with the rights and freedoms of the individual.

5.2 Where a change to a process, or introduction of a new process involving the use of large volumes of Data Processing, that is likely to pose a high risk to individuals' rights, the school will carry out an appropriate Data Protection Impact Assessment (DPIA) in line with Article 35 of UKGDPR.

### 5.3 *Special Categories of Personal Data*

5.4 When Special Categories of Personal Data are being processed, the individual's explicit consent to processing of those data must be obtained unless the processing:

- 5.4.1 is necessary for the purposes of carrying out the obligations and exercising specific rights of the school or of the individual in the field of employment and social security and social protection law;
- 5.4.2 is necessary for the assessment of the working capacity of an individual where the individual is an employee or for the provision of health or social care;
- 5.4.3 relates to Personal Data which are manifestly made public by the individual;
- 5.4.4 is necessary for reasons of substantial public interest; or
- 5.4.5 is necessary to protect the vital interests of the individual.

5.5 Processing of data relating to Criminal Convictions and Offences can only take place under control of an official authority, such as instructions from the police or an order of the court, or where UK law states that processing must take place.

5.5.1 This is undertaken as part of the pre-employment check process (DBS) for all staff employed by the school, or where it is necessary to perform such a check as required by safeguarding regulation.

## 5.6 *Consent of adults and organisations*

5.7 Where an individual gives consent to Data Processing, that consent must be freely given, specific, informed and unambiguous and should be either in the form of a statement (whether or not prepared by the school) or a positive action demonstrating consent. Any requests that the school makes for consent must be in clear language.

5.8 An individual has the right to withdraw consent at any time and will be informed of this right and how to exercise it when the school requests consent.

## 5.9 *Consent of children and young people*

5.10 Where consent is the lawful basis of processing, parental consent must be obtained for pupils, as all children who attend Sladefield Infant School will be under the age of 16.

5.11 Where an adult is providing consent on behalf of a child, reasonable measures should have been taken to determine that an individual has parental responsibility for a child, or is acting in a recognised capacity to exercise rights on their behalf.
